From beginners to advanced, young to not so young, acoustic to electric, EVERYONE is welcome.

My teaching centres around the Student and what they want to learn.

I have been teaching for 30 years and have played professionally for over 35 years. I also teach Bass Guitar, Mandolin and Ukulele.

The Guitarhive has access to computers, amplifiers and recording equipment - all excellent teaching aids - as well as holding workshops culminating in a live performance at a real live venue.
